A Dangerous Method: based on the book by John Kerr, 2011.

In 1907, Sigmund Freud and Carl Jung began a momentous collaboration and deep friendship; six years later, their relationship collapsed over philosophical differences and personality disputes. This film adds spice to the tense relationship between the two psychoanalysts, who parted ways in 1913 and never spoke again.

Director: David Cronenberg. Stars: Michael Fassenbender, Keira Knightley, and Virgo Mortnesen.
